**141. District Councillors' Update: Brief verbal reports from the District Councillors:-**

Cllr A Warman – Two Senior Officers have recently left. Most of the activity at present is on the Core Strategy. Some applications proposed within the plan have already come in. EDDC Planning Committee have refused the latest plan at 1 Oaks Drive and it is expected to go to appeal. Due to the changes that have occurred since the original permission for two blocks of flats was agreed, the application now requires certain contributions to be made which have been refused by the applicant. This will be a test case.

Cllr M Dyer has asked for details of the access for the new Hospital proposal. Some amendments have been made and the Officer has promised copies. A slightly different approach to that displayed at the recent open display is being considered. Cllr Hindmarch asked about access to and from the A31. Cllr Dyer explained that on agreeing the outline the Committee had asked for the access to be decided at an early stage.

**142. Parish Councillors' Reports -To receive reports from Parish Councillors including:-**

1. DAPTC – Cllr Hindmarch reported: At the last meeting roundabout sponsorship was discussed. It is reportedly a great success and money does seem to be going back into maintenance.
2. Homewatch – next meeting 9<sup>th</sup> September 2014
3. ETAG – Cllr G Willetts reported: There has been an award of considerable funds to the Dorset Wildlife Trust “Great Heaths Project”. As a result of this Cllr Willetts had given a tour of the Castleman Trail and Lions Hill areas to Hilary Chittenden. The outcome has been that there will be some new signage to better inform visitors to these areas. There is also a possibility that funding might be available to restore the Halt. The Project is to assist as the railway is seen as a corridor. A lot of the heather on the heath is poor this year due to an infestation of heather beetle. Since Mr Kliger has died there has been very little management work on the heath and Cllr Willetts has requested the ARCT take action as a lack of pine pulling is in contravention of regulations. An article will be given to the Clerk for the next newsletter. Cllr Dyer reported that he was considering awarding his District Councillors grant to the halt restoration but is waiting to see what other funding is available. County Councillor Peter Richardson is also minded to fund the project but is discussing whether it is viable. Cllr Willetts reported that Steve Davies now has a Senior role in respect of the railway.
4. Allotments – holidays have delayed progress, information is awaited.
