## 52. District Councillors' Update:

Cllr Goringe: A number of meetings held and on Monday I was appointed as the new representative on the BACC replacing the late Cllr J Wilson. Also responsible for parking.

Cllr M Dyer: County is running a Waste and Minerals consultation. A new HRC centre is being proposed for the area. Two sites are proposed one at Blunts Farm and the other close to Uddens. EDDC have objected to both.

It is unknown how long the arrangement will continue to allow EDDC residents to use Somerley or Millhams. Hants have agreed not to close any sites but will close for an additional day and hours of opening will change.

It was noted that there is always a queue at Somerley so how reducing the hours will help is unknown.

Cllr R Bryan: Cllr Bryan attended a meeting with DWP. At that meeting EDDC faced a substantial increase in costs. This was refused by EDDC. The discussions ended with a no change result.

The hours of opening will be restricted and sites will close earlier.

Accommodation: we are on target to move out of Furzehill. Planners from CBC operate out of Moors Valley at present.

We are beginning to alter the Christchurch accommodation to make it fit for purpose.

A338 has been quite a success although there are still some complaints about run off. Restrictions made by Natural England have affected some replanting schedules which will now not resume until September.

The Parish has raised a Planning administration issue which is being investigated by the portfolio holder.

Efforts to continue to make savings are still in progress.

Cllr Hockley reported that a number of people did not have a letter or notification of the date of round change and asked Cllr Bryan to investigate. Cllr Bryan asked for names and addresses for enquiries to be made.

## 56. Tennis Club MUGA - Members received an update on responses re the Tennis Club MUGA Proposal after attendance at the Queen's Birthday event. Feedback from those who were not connected with the Club was that the public access hours were not feasible due to the useable hours offered. The area was also thought to be too small for anything other than mini-tennis. This was discussed. It was

noted that there are other facilities outside the Parish which would serve the need without losing an area within the Parish. The Clerk will respond in writing to the Club.

- 57. DAPTC Renewal of Annual Subscription 2016/2017** - £1056.16 – This was discussed and it was agreed to renew the subscription for 2016/2017. Proposed by Cllr M Dyers, seconded by Cllr B Goringe. Agreed by 11:1 Cllr Mrs A Warman against.

- 58. Bridleway 17** – ROW Team have advised that there is a discrepancy between the Statement and the maps. This was noted. Cllr Hockley asked for a copy of the email quoted.
- 59. Boundary Lane Speed limit** – Members considered whether to support a request from Qinetiq to make the temporary 40mph extension permanent. Cllr Mrs Warman reported that the Legionella testing will be done in house in future.
- 62. Burial Ground** - Members received a presentation from Cllr Adkins. This was discussed. A full report on the burial proposal is available. Thanks were given to Lord Somerton and his Land Agent Christopher Thomsin-Forrester for offering the land for this use. Option 2 has been selected by the Somerley Estate. It was agreed that the first step would be a hydrology report which is vital to assessing whether the site is suitable as a burial site is not permitted within 50 m of a water source. Subsequent steps will be to get the agreement of EDDC, Natural England and Highways. After further discussion it was agreed to process the project to the Hydrology state and three quotes will be obtained. Proposed by Cllr Mrs A Warman, seconded by Cllr M Dyer, agreed unanimously.  
**RESOLVED: To obtain three quotations for hydrology testing the proposed site.**

It was suggested that the District Councillors might be able to utilise some of their District Grants towards the cost.
