**281. Planning Applications:**

App. No.	Address	Parish Response
16/2791	Land Adj to 15 Laurel Close ST LEONARDS/ST IVES - Reduction in size of existing dwelling and alterations to sever land and erect 4 bedroom dwelling	Object – Contrived plot; the nature of the proposal is overpowering and out of character. It is not in keeping with the existing street scene as the proposal lacks the same spatial quality of the rest of the adjacent properties and those opposite. Parking is a concern due to the lack of onsite parking provision for both the existing property and the new proposal. The loss of some of the existing parking combined with the demands of the new property will lead to on road parking in a narrow cul-de-sac which will hinder service and emergency vehicle access as there is an inadequate turning circle frequently obstructed by vehicles. We also have flooding concerns due to the increased hardstanding and close proximity to an old well in the rear of the property.

We feel the application should be returned due to insufficient information being provided to come to an informed conclusion.
17/0335	25 Chapel Rise St Leonards/St Ives Dorset BH24 2BL- First floor pitched roof extension over existing single storey extension. Fibreboard cladding to whole of first floor level including new extension and Juliet balcony	No objection

17/0352	35 Woolsbridge Road, St Leonards BH24 2LS- Sever land and erect 2 No. 3 bedroom semi detached houses with parking. (Re-submission 3/16/2814)	No objection provided the two tandem spaces indicated at the front of the new property are put side by side as well, as they were in the previous plan and conditioned to ensure the existing flooding issues are not exacerbated.
